# Hostel in Girona - Equity Point Girona Girona. Love for the hometown.

Maybe it's because **Girona** is our hometown, or maybe it's just because it's a new opening, but the fact is that we have always been dedicated to the **Equity Point** hostel – **Girona** 

, from the very first day. We try to make sure that each decision is better than the last, and that everything that we have learnt from working for you over these last 25 years is reflected in this new establishment of the group.

# The Equity Point Girona hostel - the best location in a great little city

Girona's emblematic Plaça Catalunya has welcomed us, in a beautiful late 19th century building, at the entrance of the city's 'Casc Antic' (Old Quarter) and Jewish Quarter; with spectacular views of the ancient medieval wall, the river and the Cathedral. This location for the hostel enables us to reach all the city's points of interest in just a few minutes: the main train and bus stations and the city's most attractive sightseeing areas.

## All the latest features and improvements of a new establishment

When it came to building the **Girona hostel**, we paid great attention to the type of rooms that could meet all your needs. We offer a range of possibilities that includes: private, modern rooms with a bathroom and TV for those who are looking for quality peace and quiet at affordable prices. There are also shared rooms without a bathroom for those who are looking for a more economical option, rooms designed for families and groups of friends, and shared rooms with bathroom...all in all, a wide variety for meeting the needs of every circumstance.

# The security of an operator with experience like Equity Point

From the moment you enter our hostel, you will see how much we care about your security. We have renewed all the installations in the building in order to comply with the new legislation requirements. Access control has been installed by way of a magnetic card that is used right from the first door; security cameras operating 24hrs a day, 365 days a year; and security lockers in each room.
