Lisbon Guide

Lisbon is an incredibly vibrant city with so much charm, living culture and history that **Equity Point** simply had to have a hostel there. After two years searching, we've found the perfect location.

This wonderful city is full of secret places to discover and neighborhoods to explore. It is the westernmost capital in Europe, located at the river mouth of Tajo River and built clustered upon seven hills, so if you want to visit the city it is important to wear comfortable shoes, and be prepared to climb stairs!
